

Whaleback Times

December 22, 2018

Folks...who believe it...first day of winter with +9 degrees temperature...we surely are living in strange times.

At the Ski Park next week:

Monday - Dec. 24th - Friday, Dec. 28th...Grooming is scheduled to take place. Check out Trail Conditions on our Website for details. Brian Dunphy will be filling in for Kenny on Christmas Day. Chalet will be on automatic pilot during this week. Don't hesitate to put a log in the wood stove...if needed. NO NIGHT SKIING ON DEC. 24th, 25th or 26th. NIGHT SKIING WILL RESUME THURSDAY, DEC. 27th.

Chalet Volunteer Schedule

The chalet volunteer schedule will kick in on Monday, January 7th. Thank you to Neil Stokes who has been busy ensuring all slots are filled. Schedule is posted on the website and in the chalet. A big thank you to our members who submitted their names to once again staff the chalet.

President's Wellness Challenge

On popular demand, our membership is again interested in setting personnel goals, raising the bar, keeping track of kms skied, all in the name of fitness. Same arrangement as last year... sign up, indicate with a tick every 50 kms skied, tally at the end of season. Sign up sheet will be posted in chalet after Christmas Day.

Moose Down! The quarters were hung from the rafters with care, hoping St. Nick would soon be here

Thanks to the club's designate, Robbie Curnew(Brian Dunphy riding shot gun) a moose was shot on Thursday morning, Dec. 20th. A fine animal I must say. Looks like the chalet kitchen will be full of moose treats this winter. Thank you to the Hynes family from Fox Island River who gave it a noble effort and to Kenny, who tried to fill the license early in the season. To Neil Stokes who offered his garage so that the moose could be hung and skinned.

On behalf of Whaleback executive, we wish everyone a Merry Christmas and Happy Holidays.
Greg N.
