

Whaleback Times

March 18, 2020

Hello once again: Happy (belated) St. Patrick's day

COVID-19 Virus?

After listening to the recommendations of both our provincial and federal governments to practise "social distancing" and to avoid any unnecessary gathering of people and finally, in harmony with neighbouring Nordiic Ski Clubs, the following guidelines will immediately be in effective:

- Chalet attendants are immediately relieved of their duties.
- The chalet will close 8:00PM Friday evening. This allows Thursday and Friday for members to remove any item from their locker.
- Linda/Melinda finish work on Friday, March 20th.
- As mentioned earlier, night skiing concludes Friday, March 20th
- Trail Grooming will take place daily. Please visit the website to find out what trails are groomed.
- Members are encouraged to ski with a companion and to carry a cell phone. Kenny's cell phone # is 649-4550.
- Jack Rabbit Program has been postponed until further notice.
- The executive meeting planned for Sunday, March 22 has been postponed until further notice.
- The chalet will not be available to rent until further notice.
- If you have a contribution to Kenny's Performance Bonus, don't hesitate to pass it on to an executive member.

Overall, the chalet will be closing and anything chalet related will cease Friday, March 20th. Trail will remain open

Grooming?

If you're a frequent skier you will notice that there are a few trail sections that haven't been touched since we hosted the Marathon. Here what is happening...

Due to the delicate situation with our groomer tracks, Hayes Hump, Roller Coaster, Sleepy Canuck and The Big Climb will not be groomed anymore this year. Deadly Descent may be groomed...Kenny might decide to come downhill rather than groom uphill??

Rendezvous and Alley Road will be groomed on a rotating basis similar to SO, OT and BH.

Regards

Greg N.
