Whaleback Nordic Ski Club

Hello once again;

The trio, Peter, Paul and Mary wondered where have all the flowers gone but as I sit here typing along, I wonder...where has all the snow gone??? What is going on??

30th Snowy Owl Classic...postponed

I know, you're not surprised, just not enough snow on the course to allow it to happen...and, according to Windy.com, nothing in the forecast during the first week of February!! So, book Saturday, February 13 as the next possible date. Cross your fingers...everything happens before Valentine's Day.

Beginners Ski Program...delayed

Peter's email says it all...more snow needed in the stadium before this can take place. Stay Tuned.

Lets share some Positive news!

Thanks to the chalet workers, *Chalet is Spick and Span and rental equipment room has been refurbished. Percy's Path, Foxtrot and Oliver's Twist are open.*

Jackrabbit Program commenced last Sunday. Not too late to join in...session again at 1:30PM, Sunday

For your and our convenience, a *debit machine is available in chalet.* No more need to handle cash.

Fat tire bikes are welcome again this year during Tuesday's evening hours.

Working with Marissa Abbott, Town Office to organize a *Jack rabbit female program.* Also, the Town of Stephenville is interested in hosting an *evening snowshoe.* More on this when details are available.

So, there are lots of interesting things happening.

Till next time

Greg N.
