Whaleback Nordic Ski Club

Hello once again,

Happy New Year. Hoping the new year brings happiness to one and all.

A bit of news to keep everyone in the loop...

What is happening in the Ski Park?

Peter sent out an email yesterday which provided an update. I will elaborate (and repeat) some of the information he provided...

Kenny is packing snow on the FT and Percy's Path daily. He is also cutting summer growth on the trails inside.

Gate is open early in the morning and closed at 1:00PM when Kenny leaves for the day..

Conditions are suitable for snow shoeing. Conditions are not so good for skiing. If you venture on skis, highly recommended you use rock skis.

Chalet is closed. Use trails at your own risk.

As stated by Peter, if you plan to snowshoe or ski, probably best you park outside of the gate.

Please don't block the gate.

We will do our best to keep you updated.

JackRabbit Program

Spoke to Megan yesterday. She is planning to have JR Registration on Sunday, January 8th and the first JR session on Sunday, January 15th. Stay tuned.

Please contact Megan if you are interested in helping out with the JR Program. Her cell number is 649-6214.

Did you know that new members are entitled to Ski Lessons?

Yes, that is correct, if interested please contact Peter Sutherland.

Thanking our Sponsors...
