Walk in The Park in support of Heart and Stroke Foundation

It was pleasing to pull into the parking lot yesterday and see vehicles. Something is going on for sure. No doubt about it, yesterday's walk in the park was a big success. My rough calculation indicates 40+ walkers, and 1 dog. Nice to see members bringing along non-members. Everyone I spoke to was upbeat and excited. Plenty of positive comments regarding the inside renovations. I received a beautiful email from Judy May, a member of Blow Me Down Ski Club and a long time participant of the Snowy Owl Classic. She was unable to attend but she made a donation...as she said in her email " nice to keep the spirit alive."

FYI, I received \$90.00 in e-transfers and \$311.00 was inserted in the donation can totalling \$401.00

Thank you to everyone who participated on the trails or in your friendly neighborhood.

A Welcome

I welcome back again Janet Jesso, Stephanie Budden and our newest chalet worker, Connie Hearn. All three will be helping staff the chalet this year.

My spidey senses are tingling, the forecast looks promising. Next weekend the Foxtrot and Percy's Path should be open again. The long(er) range forecast calls for more snow. Yahoo.
